PUMP & LOWER- n.,
LOCATION

INSTALLATION: Add 1/1" to 1" height of tub lip (pcnQ) to allow space for bedding compound. All Wiertech W aol Baths require 1" mortar to be placed under tub for tub bedding. Please measure tub before building tub cabinet. Drawing shows standard pump location for this tub. Custom pump locations may be available • please call Wiertech W aol Baths for details. All measurements are plus or minus 1/2", and . . . , subject to change without notice. Filing this tub to the maximum may require additional range size or dedicated Wiertech heater. This data sheet supercedes all specifications published prior to this publication date.
